Objectives

1. Identify characteristics of current practice that do not fit with MDM.

2. Discuss potential areas for innovation
Introductions
Activity
Imagine all the ways that you could have the opposite of minimally disruptive healthcare.
Look at the list you have created.

Make a new list with all the things on your first list that look like something that is currently happening your practice.
Look at your newest list.

What of these items can you STOP doing now, to move closer to MDM?
